PRESS RELEASE

JUSTICE FOR ETHIOPIA

BY REJECTING THE RESUSCITATION OF THE FASCIST CRIMINAL MUSSOLINI

November 12, 2018

It has been learned that the grand-daughter of the Fascist criminal, Benito Mussolini, Alessandra Mussolini, is currently engaged in threatening “to denounce whoever speaks ill of her grandfather’s legacy, that of Mussolini” according to Ms. Gabriella Ghermandi who has issued an international petition being signed by several people who recognize Mussolini’s war crimes committed in various countries including Ethiopia, Eritrea, Somalia and Libya.

Alessandra Mussolini
Member of the European Parliament
For Central Italy

2

Other media including “Harretz” and “Huffpost” have also reported that Alessandra has threatened to take legal action against anyone offending her grandfather, an “Italian fascist dictator, Benito Mussolini”.

Benito Mussolini’s legacy is obviously nothing more than being an Italian Fascist criminal who committed huge war crimes in several countries including Ethiopia. In fact, Mussolini was executed by hanging by his own people for the grave crimes he committed against humanity.

The Global Alliance for Justice – The Ethiopian Cause hereby expresses its appreciation and thanks to Ms. Ghermandi for her effort in recognizing the huge war crimes committed by the Fascist criminal, Benito Mussolini, and the justice required by the victimized countries including Ethiopia.

We should recall that the Fascist criminals led by Mussolini committed horrific crimes in 1936-41 in Ethiopia which resulted in the poison gas attack and massacre of one million people of whom 30,000 were killed in only three days in Addis Ababa during February 19-21, 1937 as well as over 2,000 monks and parishioners murdered at the Debre Libanos Ethiopian Monastery in addition to the destruction of 2,000 churches and 525,000 homes as well as the looting of huge quantities of Ethiopian properties. It should also be noted that the Fascist Italian war crimes were committed with the Vatican's complicit support.

It must be noted that although Italy has agreed to compensate Libya with US\$5 Billion for its massacre of 30,000 Libyans, it has not yet undertaken the appropriate level of compensation for the huge war crimes it inflicted on Ethiopia. The Vatican has also not apologized to Ethiopia for its complicity with Fascist Italy although it has apologized to the Jews, Latin Americans and people of Rwanda.

The Global Alliance for Justice – The Ethiopian Cause hereby calls on the Italian Government and The Vatican to undertake their responsibilities to remunerate and apologize to the Ethiopian people for the huge war crimes committed in Ethiopia.

3

The Alliance calls on the Italian Government as well as the European Parliament to take the necessary measures so that Alessandra Mussolini resigns from the European Parliament for her unacceptable support to the fascist war crimes committed by her grandfather, Benito Mussolini. The Alliance also requests the Ethiopian Government to take up the case of Alessandra Mussolini with the Italian Government and the European Parliament in order to ensure that an appropriate action is taken against Alessandra Mussolini.

The Alliance further calls on the United Nations, the African Union, the European Union, the Ethiopian Government, the Ethiopian Orthodox Tewahedo Church, the Association of the Ethiopian Patriots, Amnesty International, Genocide International as well as all Ethiopians and friends of justice for Ethiopia to take the appropriate action so that Ethiopia would finally achieve the required compensation and receive the apology that it fully deserves.
